27  
28           *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

29                  WHEREAS, United States Supreme Court decisions in National Bellas Hess v.  
30                  Department of Revenue, 386 U.S. 753 (1967), and Quill Corp. v. North Dakota, 504 U.S. 298  
31                  (1992), require a seller to have a physical presence in a taxing state before the state may require

32 the seller to collect and remit sales and use taxes on transactions that occur within that state;

33 WHEREAS, the United States Supreme Court also declared in the Quill Corp. v. North  
34 Dakota decision that Congress "has the ultimate power" under the commerce clause of the  
35 United States Constitution to resolve "whether, when, and to what extent" the states may  
36 require sales and use tax collection and remittance on remote sales;

37 WHEREAS, states and localities that use sales and use taxes as a revenue source may  
38 not collect revenue from some portion of remote sales commerce under the current Supreme  
39 Court rulings;

40 WHEREAS, since 1999, various state legislators, governors, local elected officials,  
41 state tax administrators, and representatives of the private sector have worked together to  
42 develop standards, protocols, and tax systems that mitigate the burdens addressed in Quill  
43 Corp. v. North Dakota;

44 WHEREAS, between 2001 and 2002, 40 states enacted legislation expressing their  
45 intent to simplify the states' sales and use tax collection systems and to participate in  
46 discussions to allow for the collection of states' sales and use taxes;

47 WHEREAS, Utah has been a leader in demonstrating the political will to make  
48 meaningful state sales and use tax reform and encouraging state membership in the Streamlined  
49 Sales and Use Tax Agreement;

50 WHEREAS, 24 states, including Utah, have joined the Streamlined Sales and Use Tax  
51 Agreement and have refined their state laws accordingly;

52 WHEREAS, the actions of these states provide justification for Congress to enact  
53 legislation to allow states to require remote sellers to collect the states' sales and use taxes;

54 WHEREAS, the end consumer is responsible for paying the statutorily due sales and  
55 use tax and the retailer is the state-appointed collector of sales and use tax;

56 WHEREAS, the enactment of legislation by Congress that allows states to require  
57 remote sellers to collect the states' sales and use taxes is necessary to treat all sales transactions  
58 the same regardless of whether they are done by an in-state, remote, or online retailer;

59 WHEREAS, Congress has had sufficient time to address the requirements of Quill  
60 Corp. v. North Dakota and the states have acted to minimize the additional burdens on  
61 businesses by implementing automated software to calculate tax rates imposed by each tax  
62 jurisdiction;

63 WHEREAS, empowering states to collect sales and use taxes on in-state and remote  
64 sales is consistent with the Tenth Amendment to the United States Constitution and is a states'  
65 rights issue;

66 WHEREAS, requiring remote sellers to collect sales and use taxes may broaden Utah's  
67 sales and use tax base and potentially enable the Utah Legislature and the Governor to lower  
68 sales and use tax rates;

69 WHEREAS, the Utah Legislature has repeatedly passed resolutions over the last 10  
70 years calling upon Congress to pass legislation supporting Tenth Amendment rights and  
71 allowing states to collect the sales and use taxes due from all transactions;

72 WHEREAS, the United States Senate heeded that call by overwhelmingly passing the  
73 Marketplace Fairness Act of 2013, but the United States House of Representatives failed to  
74 consider or vote on the legislation;

75 WHEREAS, any federal legislation should be fair to both in-state and remote sellers  
76 and purchasers, whether such legislation requires sales and use taxes to be collected on a point  
77 of sale or point of delivery basis;

78 WHEREAS, the Remote Transactions Parity Act of 2015, H.R. 2775 (the Remote  
79 Transactions Parity Act), is currently introduced in the United States House of Representatives  
80 and satisfies Quill;

81 WHEREAS, passage of the Remote Transactions Parity Act is intended to foster  
82 consistent treatment of and standards for in-state and remote sellers in collecting and remitting  
83 already due sales and use taxes;

84 WHEREAS, the small remote seller phase-in as set forth in the Remote Transactions  
85 Parity Act needs to treat all retailers the same, including retailers using an electronic  
86 marketplace;

87 WHEREAS, passage of the Remote Transactions Parity Act or the Marketplace  
88 Fairness Act is the top priority of the National Governors Association and the National  
89 Conference of State Legislatures; and

90 WHEREAS, passage of the Remote Transactions Parity Act is a top priority of the  
91 Retail Industry Leaders Association, the International Council of Shopping Centers, the Farm  
92 Bureau, the Chamber of Commerce, the United States Conference of Mayors, and other major  
93 associations:

94 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
95 Governor concurring therein, urges and calls upon the United States Congress to pass, without  
96 delay, and the President of the United States to sign, the Remote Transactions Parity Act which  
97 provides for the fair, uniform, simplified, and constitutional administration of and collection of  
98 state and local sales and use taxes due.

99 BE IT FURTHER RESOLVED that Congress, in the Remote Transactions Parity Act,  
100 treat all retailers and small sellers the same in the small remote seller phase-in, including  
101 retailers using an electronic marketplace;

102 BE IT FURTHER RESOLVED that the Legislature and the Governor call upon each of  
103 Utah's members of Congress to actively support, to cosponsor, and to vote in favor of the  
104 Remote Transactions Parity Act and for Utah's members of the Senate to do the same once the  
105 legislation reaches the Senate.

106 BE IT FURTHER RESOLVED that the Legislature and the Governor affirm that,  
107 through passage of the Remote Transactions Parity Act, the United States Congress will foster  
108 consistent standards for in-state and remote sellers who are obligated to collect state and local  
109 sales and use taxes, providing equal, consistent, and fair treatment among traditional  
110 brick-and-mortar retailers, brick-and-click retailers, catalogue retailers, and Internet-only  
111 retailers and require similarly situated purchasers to easily pay the sales and use taxes due,  
112 regardless of which type of retailer they make their purchases from and regardless of where that  
113 retailer is located.

114 BE IT FURTHER RESOLVED that the Legislature and the Governor urge all members  
115 of Utah's congressional delegation to vote in favor of the Marketplace Fairness Act of 2015, S.  
116 698, should that legislation be presented for a vote.

117 BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority  
118 Leader of the United States Senate, the Speaker of the United States House of Representatives,  
119 the chair and cochair of the Senate Finance Committee, the chair and cochair of the House  
120 Judiciary Committee, and the members of Utah's congressional delegation.
